

European Society of
Anaesthesiology and
Intensive Care

Hospital Name

Hospital Universitari de Bellvitge

Hospital Address

Carrer de la feixa llarga s/n
L'Hospitalet de Llobregat 08907
Spain

Department Profile:

Our service consists of more than 80 specialists. We also have 32 anaesthesiology residents and receive 10 external residents from other communities to train with us in different sections. We are a 3rd level hospital so we offer all surgical specialities including liver, cardiac and renal transplants. We are a reference centre for neurocritical patients at both surgical and intensive care levels. We are also a reference centre for polytrauma patients.

Does the Host Centre offer

- hands-on training (will provide patient care/have direct patient contact)
- observership (will not provide patient care with direct patient contact)

Observership subject to the following legal requirements/prerequisites

Once the EP position has been awarded, the necessary paperwork for the application for hospital stays must be completed via the health ministry. It is necessary to have a speciality qualification and civil liability insurance.

Hands-on practice subject to the following legal requirement/prerequisites:

Once the EP position has been awarded, the necessary paperwork for the application for hospital stays must be completed via the health ministry. It is necessary to have a speciality qualification and civil liability insurance.
