Hospital Clínic de Barcelona

Hospital Address

Carrer Villarroel, 170
Barcelona 08036 Spain

Department Profile:

Department of Anaesthesia and Intensive Care of Hospital Clínic de Barcelona has got a long tradition of being an academic centre in the heart of the prestigious University of Barcelona. We do offer all wide range of perioperative care for adult surgical procedures including abdominal and thoracic transplantation with a surgical ICU with 14 beds and 8 bedded High dependency Unit. Our department receives public funds to develop research projects in different areas such as liver transplantation, coagulopathy and prehabilitation. We organise national courses on Transesophageal echocardiography in cardiac and non-cardiac surgery.

Does the Host Centre offer

- hands-on training (will provide patient care/have direct patient contact)
- observership (will not provide patient care with direct patient contact)

Observership subject to the following legal requirements/prerequisites

It is necessary to fill in the documents for training stays required by the Ministry of Health, once the TEP grant has been obtained.
