**Department Profile: (a brief description max 100 words)**

Ankara University Medical Faculty is a tertiary care hospital for patients from all over Turkey. It is a high profile medical faculty for both medical faculty students and residents for all subspecialties. Ankara University Medical Faculty Hospitals have over 2000 beds, 47 specialities (including intensive care) in two campuses. Our department has been entitled to receive "Certificate of Accreditation of a European Center for Training of Anaesthesiologists" since November 2015 for four years and is a Host Centre for Trainee Exchange Program organized by ESA. Now we are re-accredited of 4 years (July 2022-July 2026) on line by EBA-ESAIC Accreditation of Training in Anaesthesiology and Intensive Care (ATAIC) Committee.

**Educational offer****The center offers training for:**

Resident/Young specialist (no less than a 3rd-year Trainee and young specialist in the first 5 years)

**The training is applicable for:**

Observership (will not provide patient care with direct patient contact)

**The observership is subject to the following legal requirements/prerequisites:**

They can apply with a document showing the year of education from the center where they are an anesthesiology resident or an anesthesiology specialization certificate and a petition addressed to the deanery and the department requesting observership.
