ESAIC Exchange Programme

— Host Centre —

Hospital Name: Ankara Universitys İbni Sina Hospital

Hospital Address: Hacettepe Mahallesi, Talatpaşa Bulvarı No:82, Altındağ/Ankara
Ankara 06230
Türkiye

Department Profile:

Ankara University Medical Faculty is a tertiary care hospital for patients from all over Turkey. It is a high profile medical faculty for both medical faculty students and residents for all subspecialities. Ankara University Medical Faculty Hospitals have over 2000 beds, 47 specialities (including intensive care) in two campuses. Our department has been entitled to receive " Certificate of Accreditation of a European Center for Training of Anaesthesiologists" since November 2015 for four years and is a Host Centre for Trainee Exchange Program organized by ESA. Now we are reaccredited of 4 years (July 2022-July 2026) on line by EBA-ESAIC Accreditation of Training in Anaesthesiology and Intensive Care (ATAIC) Committee.

The centre offers welcomes:

Residents/Young specialists (no less than 3rd-year Trainees and young specialists in their first 5 years)

Specialists (no less than 4th-year Specialists or more senior)

The host Centre offers:

Observership (will not provide patient care with direct patient contact)

Hands-on training (will provide patient care/have direct patient contact)

Training subject to the following legal requirements:

Observership

They can apply with a document showing the year of education from the center where they are an anaesthesiology resident or an anaesthesiology specialization certificate and a petition addressed to the deanery and the department requesting observership.

Intensive Care

IMPORTANT

Additional prerequisites specific to the host Centre / country.

We will be happy to share our experiences with all our faculty members and residentss in a friendly and warm environment.

In addition, our guests will have the opportunity to get to know Turkey and Turkish culture closely.

When applicants click on the link below, they can access a short introductory video of our clinic, although unfortunately the subtitles and voice-over are in Turkish.
