Intensive Care

ESAIC Exchange Programme

— Host Centre —

Hospital Name: Medical University of Vienna

Hospital Address: Währinger Gürtel 18-20
Vienna 1020
Austria

Department Profile:

The Clinical Division of General Anesthesia and Intensive Care at the Medical University of Vienna provides comprehensive perioperative, intensive care, emergency, pain and palliative medical services. The division is responsible for patient care across more than 40 anesthesia workstations, 24 intensive care beds, additional jointly managed surgical ICU patients, a pre-anesthesia outpatient clinic and emergency physician vehicles. Its mission combines excellent, patient-centered clinical care with translational and clinical research, innovative teaching and postgraduate training. Research priorities include perioperative prevention, precision medicine, artificial intelligence and machine learning, with a strong focus on translating scientific progress into improved patient outcomes.

The centre offers welcomes:

- Residents/Young specialists (no less than 3rd-year Trainees and young specialists in their first 5 years)
- Specialists (no less than 4th-year Specialists or more senior)

The host Centre offers:

- Observership (will not provide patient care with direct patient contact)
- Hands-on training (will provide patient care/have direct patient contact)
